	* Available with light slots						

PERFORATED CURTAIN			
	Description	561	562
	The perforated curtain is available in both the 561 and 562 series. This curtain allows light transfer through the shutter curtain and optimal airflow. The small perforations option is designed to provide an unobstructed view through the shutter. The large perforations option gives you the look of a "link and rod" grille door, with the advantage of having minimal moving parts.
